Versatile and durable wood impressions

## Versatile and durable wood impressions

Kingsway Shutters are ideal when creating effortless and practical style in any interior.

With a choice of three louvre sizes and a variety of colours; choose from classic 'Tier-on-Tier' and 'Full Height', to contemporary 'Café-Style' shutters and made to measure shaped options are available, there is a Kingsway Shutter for any interior.

Take control of your homes light and privacy whilst feeling confident that your Kingsway Shutters are also energy efficient, fire retardant, easy to clean, child safe and most importantly, resist moisture so they won't fade, crack or chip.

European manufactured at our state of the art production plant, Luxaflex® Kingsway water-resistant shutters come with a 5-year guarantee.

## A CHOICE OF SHUTTER STYLES FOR PERFECT LIGHT CONTROL IN ANY ROOM

### **FULL HEIGHT SHUTTERS**

Full height shutters are window treatments that cover the full length of a window.

You can choose a single panel that can be opened and closed like a door, or choose the concertina folding style which is great for large windows or patio and sliding doors.

Full Height Shutters offer many benefits including complete privacy, light control, and enhanced security.

And when the louvers and panels are closed, they can help to insulate your home when the weather turns colder.

### CAFÉ STYLE SHUTTERS

Our stylish Café Shutters are roughly half the height of full-size shutters and only cover the bottom half of your window. The top half of the window remains clear and open to take advantage of the natural light.

Not just practical but super stylish too with a sophisticated look and distinctly continental feel. Cafe shutters work brilliantly in every space but particularly in living rooms, kitchens, and bathrooms.

### TIER ON TIER SHUTTERS

Very easy to use, the advantage of two separate panels means you can open the whole top half of the shutter whilst leaving the bottom half closed to preserve your privacy.

When it comes to maximizing natural daylight or reducing glare, these shutters are superb. You can choose how much light comes into your room by folding the panels partial or fully, or moving the louvers in unison or independently of each other to balance the light and your privacy.

### SHUTTER SHAPES

Luxaflex® Kingsway shutters can be custom made to adapt to any window shapes from arches to circular and even hexagonal shutters.

You can transform those awkward windows that you've always had problems covering.

(Round and oval shapes not available on faux wood).

Personalise your shutters by combining different louvre sizes with our tilt options.

For example a modern style with clean lines would suit wide shutter slats with a hidden tilt. Traditional period homes may look best with smaller slats with a central tilt rod. The choice is yours.

At Luxaflex® our window treatments start with great design. Light control, energy efficiency, and the convenience of motorisation are just some of the innovations that enhance the beauty of every room, every day – made to measure with a five-year guarantee.
