

# Pirouette® Shades

Optimal views and comforting privacy

*Luxaflex*®

# The Whole House Solution

Luxaflex® Pirouette® Shades feature softly contoured, front-facing fabric vanes attached to a single sheer backing.

During opening and closing, the vanes move in tandem for a fluid, graceful effect. Pirouette® Shades can also be raised completely into the headrail for a totally unobstructed view.

A wide array of luxurious fabrics in exquisite colours and textures offers distinct sculptural beauty as well as exceptional UV protection.

## Pirouette® ClearView® Shadings

Luxaflex® Pirouette® ClearView® Window Shadings provide variable light control and a clear view to the outside while transforming the light inside into a comforting glow.

### **For Superior View-Through**

Pirouette® ClearView® Shadings are available in light-filtering and room-darkening opacities, ClearView® Satin and ClearView® Satin Metallic™ fabrics, and with all operating systems.

## BEAUTIFUL LIGHT CONTROL FOR EVERY ROOM

Pirouette® Shades are available in an array of stylish fabrics in semi-opaque and room-darkening opacities for complete control over your light and privacy levels.

### **PREMIUM DESIGN & STYLE**

Intelligent design combined with beautiful fabrics provide precise, dynamic light control.

Pirouette® Shades include an innovative design for incredible view-through, multiple light-control options and sculptural beauty.

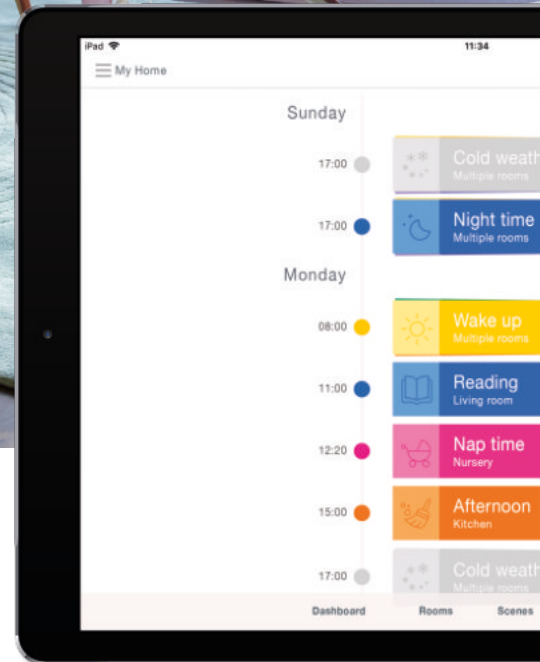

## SMART HOME CONTROL POWerview® AUTOMATION

Our PowerView® Automation system lets you schedule your Pirouette® Shades to open, close or adjust on their own, at any time of the day or night. Using an app, remote control, or the sound of your voice you can enjoy perfect light, privacy and everyday convenience - delivered automatically with PowerView®.

Best of all you can connect PowerView® to your existing smart home system including Google Assistant, Apple HomeKit, Amazon Alexa and more, to create a personalised, whole-home solution.

## DESIGNED WITH SAFETY IN MIND

We consider child safety a top priority. Making child safe products for homes is an integral part of our design philosophy. From effortless manual controls to fully smart home automated systems, Luxaflex® offers many innovative lifting systems designed with safety, comfort and style in mind.

### EASYRISE™

A Continuous cord loop operating system comes as standard which works on the principle of a pulley, rotating a clutch to raise or lower the shade.

### ULTRAGLIDE®

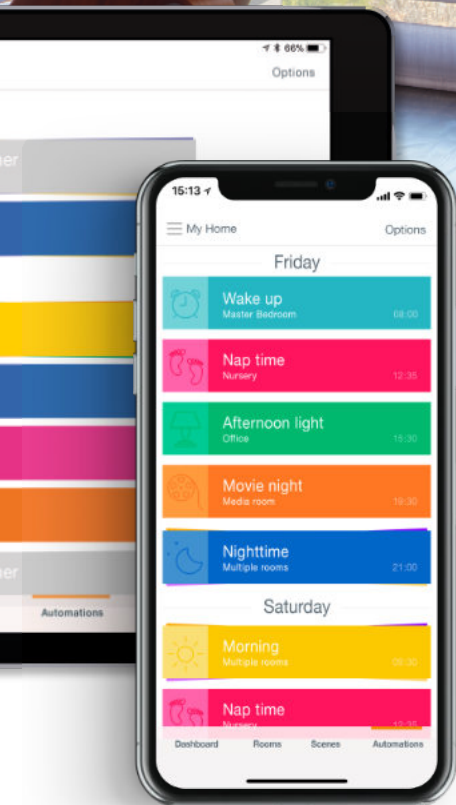

A single retractable wand for enhanced child safety. With one click, the fabric panel drops for complete privacy. Pump the wand to open the vanes or raise the shading.

### MOTORISED CONTROL SOFTTOUCH™

This battery-powered system allows for quick touch-and-go control of your Pirouette® Shades. Move your shades by gently pulling down or pushing up on the wand.

Our SoftTouch™ Motorisation system is an ideal option for homes with pets and children.

At Luxaflex® our window treatments start with **great design**. Light control, **energy efficiency**, and the convenience of **motorisation** are just some of the innovations that enhance the beauty of every room, every day – made to measure with a **five-year guarantee**.
